

# FOAA Joins AOPA in Gulf Shores...

Our organization honors the contributions of all of our brave soldiers and the Army aircraft that supported them through times of war. By introducing Americans to the rich history of Army Aviation, we aim to help our nation's memories live on.

We will be traveling to Gulf Shores, AL to participate in the AOPA Fly-In at Jack Edwards National Airport (KJKA) on October 26th and 27th.

Join us in Gulf Shores for a ride on a UH-1H Huey helicopter. Bring your family and friends to enjoy a day of fun by taking a ride in a Huey helicopter (\$50/person)—an experience you won't forget. Rides are offered between 9 am—4 pm.

Friends of Army Aviation is a 501(c)3 organization and is proud to participate with AOPA for this event.
